MANAGEMENTS DISCUSSION AND ANALYSIS

As management of the Town, we offer readers of the Town of Urania's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2006. We encourage readers to consider the information presented here in conjunction with the Town's financial statements.

The Management's Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued June 1999.

FINANCIAL HIGHLIGHTS

Governmental Funds

- The assets of the Town exceeded its liabilities at the close of the most recent fiscal year by \$107,751 (net assets). This is a \$12,715 decrease from last year.
- The Town had total revenue of \$177,065, in which \$76,348 came from collection of fines and \$68,682 came from fees and charges. This is a \$36,681 decrease from last year's revenues.
- The Town had total expenditures of \$177,366, which is a \$57,495 decrease from last year.

Enterprise Funds

- The assets of the Town exceeded its liabilities at the close of the most recent fiscal year by \$2,128,820 (net assets). This is a \$56,660 decrease from last year.
- The Town had total revenue of \$209,766, including operating revenues of \$205,995 and non-operating revenues of \$3,771. This is an \$8,303 decrease from last year.
- The Town had total expenses of \$261,428, in which \$229,174 was operating expenses and \$32,254 was non-operating expenses. This is a \$594 decrease from last year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements consist of two components: 1) fund financial statements, and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. The Town is a special-purpose entity engaged only in governmental activities. Accordingly, only fund financial statements are presented as the basic financial statements.

Effective, January 1, 2004, the Town adopted Governmental Accounting Standards (GASB) Statement No. 34, Basic Financial Statements – Management's Discussion and Analysis – for State and Local Governments.

FUND FINANCIAL STATEMENTS

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

USING THIS ANNUAL REPORT

The Town's annual report consists of financial statements that show information about the Town's funds, enterprise funds and governmental funds.

Our accountant has provided assurance in his independent accountant's report, located immediately following this Management's Discussion and Analysis, that the Basic Financial Statements are fairly stated. Varying degrees of assurance are being provided by the accountant regarding the other information included in this report. A user of this report should read the independent accountant's report carefully to ascertain the level of assurance being provided for each of the other parts of this report.

Reporting the Town's Most Significant Funds

The Town's financial statements provide detailed information about the most significant funds. The Town may establish other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using grants and other money. The Town's enterprise fund uses the following accounting approach:

All of the Town's services are reported in an enterprise fund. They are reported using the full accrual method of accounting in which all assets and all liabilities associated with the operation of these funds are included on the balance sheet. The focus of proprietary funds is on income measurement, which, together with the maintenance of equity, is an important financial indication.

INDEPENDENT ACCOUNTANT'S REPORT

Honorable Terri Corley, Mayor Town of Urania PO Box 339 Urania, LA 71480

I have reviewed the accompanying basic financial statements of the governmental activities, the business-type activities of each major fund, and the aggregate remaining fund information of the Town of Urania, Louisiana as of and for the year ended June 30, 2006, which collectively comprise the entity's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Urania, Louisiana's management.

My review was conducted in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants and applicable standards of Government Auditing Standards issued by the Comptroller General of the United States of America. A review consists principally of inquiries of entity personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, I have issued a report, dated September 15, 2006, on the results of my agreed-upon procedures.

The management's discussion and analysis and budgetary comparison information is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. Such information has not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but was compiled from information that is the representation of management, without audit or review. Accordingly, I do not express an opinion or any other form of assurance on the supplementary information.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Honorable Terri Corley, Mayor Town of Urania PO Box 339 Urania, LA 71480

I have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of the Town of Urania, Louisiana and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the Town of Urania, Louisiana's compliance with certain laws and regulations during the year ended June 30, 2006 included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

- 1. Select all expenditures made during the year for material and supplies exceeding \$20,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).
- *During my review of expenditures, I found no such expenditures.
- 2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.
- * Management provided me with the required list including the noted information.
- 3. Obtain from management a listing of all employees paid during the period under examination.
- * Management provided me with the required list.
- 4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.
- * None of the employees included on the list of employees provided by management [agreed-upon procedure (3)] appeared on the list provided by management in agreed-upon procedure (2).

Budgeting

- 5. Obtained a copy of the legally adopted budget and all amendments.
- * I obtained a copy of the legally adopted budget and all amendments.
- 6. Trace the budget adoption and amendments to the minute book.
- * I traced the budget adoption to the entity's minute book.
- 7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues or expenditures exceed budgeted amounts by more than 5%.
- * The entity over spent its budget by \$8,159 or 4.9%. The entity had a favorable revenue variance.

Accounting and Reporting

- 8. Randomly select 6 disbursements made during the period under examination and:
 - (a) trace payments to supporting documentation as to proper amount and payee;
- * I examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.
 - (b) determine if payments were properly coded to the correct fund and general ledger account; and
- * All of the payments were properly coded to the correct fund and general ledger account.
 - (c) determine whether payments received approval from proper authorities.
- * Inspection of documentation supporting each of the six selected disbursements indicated approvals from the mayor of the entity and proper documentation and correct coding.

Meetings

- 9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).
- * The entity holds its regularly scheduled meeting on the third Thursday of each month pursuant to the provision of a written notice given to each and every member, thereof, and duly posted in the town hall.

Debt

- 10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.
- * I inspected all bank deposit entries in the books for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

- 11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.
- * A reading of the minutes of the entity for the year indicated no approval for the payments noted. I also inspected payroll records for the year and noted no instances which would indicate payments to employees which would constitute bonuses, advances, or gifts.

I was not engaged to, and did not perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, I did not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the use of management of the Town of Urania, Louisiana and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.

Amounts reported for governmental act	ivities in the Statement of	i Activities are different decause:

Net Change in Fund Balances, Total governmental Funds, Statement E	\$ 4,699
Governmental funds report capital outlays as expenditure. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	4,045
The issuance of long-term debt (bonds, leases, etc.) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs premiums, discounts, and similar items when debt is issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	2,000
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	 (23,459)

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTES TO THE BASIC FINANCIAL STATEMENTS

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Urania was incorporated under the provisions of the Lawrason Act. The entity operates under the Mayor-Board of Alderman form of government. The entity provides the following significant services to its residents as provided by its charter: public safety (police and fire), highways and streets, utilities (water, gas and sewer services) and general administrative functions, including coordination of related services with parish, state and federal governing bodies.

The entity applies all GASB pronouncements as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

The accounting and reporting policies of the Town of Urania conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:517 and to the guides set forth in the Louisiana Municipal Audit and Accounting Guide, and to the industry audit guide, Audits of State and Local Governmental Units.

The following is a summary of certain significant accounting policies:

A. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meetings the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even through the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The municipality reports the following major governmental funds:

The General Fund is the municipality's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund

The municipality reports the following major proprietary funds:

Water and Sewer Fund

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the governments enterprise operations. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues are charges for services and sales taxes. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

C. FIXED ASSETS & LONG-TERM LIABILITIES

For the year ended June 30, 2006, no interest costs were capitalized for construction of fixed assets.

Depreciation of all exhaustible fixed assets is charged as an expense against its operations. Accumulated depreciation is reported on the proprietary fund balance sheet and governmental fund statement of activities. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

	Life In Years
Water System	40
Sewer System	40
Buildings	40
Equipment	5-10

D. BUDGETS & BUDGETARY ACCOUNTING

The entity follows these procedures in establishing the budgetary data reflected in these financial statements:

- (1) The Town clerk prepares a proposed budget based on departmental group budget requests, and submits the same to the Mayor and Board of Aldermen for approval.
- (2) The entity does not utilize the budget in comparison form in financial statement presentation during the year.
- (3) All budgetary appropriations lapse at the end of the fiscal year.
- (4) The entity does not utilize encumbrance accounting.
- (5) The budget was amended during the year.

E. CASH & INVESTMENTS

All cash and investments (CD's over 90 days) are reported at cost and are on deposit at federally insured banks:

It is the entity's policy for deposits to be 100% secured by collateral at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance. The entity's deposits are categorized to give an indication of the level of risk assumed by the entity at fiscal year-end. The categories are described as follows:

- Category 1 Insured or collateralized with securities held by the entity or by its agent in the entity's name.
- Category 2 Collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name.
- Category 3 Uncollateralized.

H. COMPENSATED ABSENCES

The entity has no compensated absence policy.

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

I. RESERVES

The entity records reserves to indicate that a portion of its net assets balances are legally restricted for a specific future use. The following is a list of such reserves and a description of each:

Reserved for System Maintenance

This amount represents monies reserved for repairs and replacement of the water system.

Reserved - Revenue Bonds

This amount represents monies reserved as required by the revenue bond indentures.

Reserved for Debt Service

Certain assets have been reserved in the Debt Service Fund for future payment of long-term liabilities of the governmental funds.

(2) AD VALOREM TAXES

The entity levies taxes on real and business personal property located within its boundaries. The entity utilizes the services of the LaSalle Parish Tax Assessor to assess the property values and prepare the entity's property tax roll. The entity bills and collects its own property taxes.

Provision of Revenue Bond Indenture

Under the terms of the bond indenture on outstanding utility bonds, all income and revenues of every nature are pledged and dedicated to the retirement of said bonds and are to be set aside into the following special funds:

- (a) On or before the 20th of each month, there will be set aside into a fund called the "Revenue Bond and Interest Sinking Fund" an amount constituting one-twelfth of the next maturing installment of principal and interest. Such transfers shall be fully sufficient to assure the prompt payment of principal and interest installments as they become due and may be used only for such payments.
- (b) On or before the 20th of each month, there shall be set aside into a "Bond Reserve Fund" for the sewer bonds, and amount equal to 5% of the amount not be paid into the sinking fund until \$13,200 has been accumulated. For the water bonds, a sum of 5% of the monthly payment being; made into the sinking fund must be deposited monthly into the "Reserve Fund" until it equals the highest combined annual debt service in any future year on all outstanding bonds. Such amounts may be used only for the payment of maturing bonds in the "Bond and Interest Sinking Fund" and as to which there would otherwise be default
- (c) Funds will also be set aside into a "Depreciation and Contingency Fund" at the rate of \$68 per month for the sewer bonds and \$588 per month for the water bonds. Money in this fund may be used for the making of extraordinary repairs as replacements to the systems, which are necessary to keep the systems in operating condition, and is not available for maintenance and operating expenses.

Provisions of General Obligation Bond Indenture

These bonds constitute a general obligation of the entity and the full faith and credit of the entity is pledged for the repayment of these bonds. The bonds are secured by a special tax to be imposed and collected annually in excess of all other taxes on all the property subject to taxation within the territorial limits of the entity sufficient to pay the principal and interest.

Annual Requirements to Amortize all Debts

The annual requirements to amortize all debt outstanding as of June 30, 2006, including interest payments of \$458,993 are as follows:

(8) USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(9) ENCUMBRANCES

The entity does not utilize encumbrance accounting.

(10) RETIREMENT PLANS

The entity does not offer its employees a retirement plan. All employees are in the social security system.

(11) EXPENDITURES IN EXCESS OF APPROPRIATIONS

The entity overspent its general fund budget by \$8,159 or 4.9% during the year.
